

SUMMER ARTS PROGRAMS AT BALDWIN WALLACE COMMUNITY ARTS SCHOOL

For over 90 years, The Conservatory of Music at Baldwin Wallace University has been bringing school age and adult learners to campus for focused music study through workshops, camps and training institutes.

Caring staff, a safe campus, outstanding facilities, excellent food service and comfortable residence halls combine to make each participant's experience a positive one. The BW dining hall provides an array of healthy meal options and will work with individual camp participants regarding dietary needs.

For our high school and adult programs, a quaint downtown area, access to the Cleveland Metroparks, tennis courts and the Coe Lake recreational area are great ways to relax from a dedicated day of learning and to socialize with new or familiar friends.

MIDDLE SCHOOL CAMPS

Spend a week growing as a musician while working side by side with Conservatory faculty and current Conservatory students. Students will engage in ensemble rehearsals, daily instruction as well as recreation and social events. Both residential and commuter options are available.
